Saturday, October 3, 2015

Please note that breakfast and lunch will not be provided on Saturday. However, food and beverage vendors will be available both within and in the immediate vicinity of the Convention Center.

7:30am – **Registration (Exhibit Lobby)**
6:30pm

8:30am – **Working Group Meetings, Part 1**

10:00am *Join us for interactive breakout sessions of the Ops/Tech Committee's five working groups. In these breakout groups be actively addressing the committees' work plans and discussing industry developments pertinent to the working groups. Whether you're looking to learn from peers or help the working groups with their work plans, these breakout sessions will give you the opportunity to drive the industry's future.*

Construction & Project Delivery Working Group (Room 102A)

Facilities & Maintenance Working Group (Room 201B)

NextGen Working Group (Room 102B, first 45 minutes jointly with the Noise WG)

- 10:00am– **Morning Break (*Promenade Foyer*)**
10:30am
- 10:30am– **Working Group Meetings, Part 2**
12:00pm
Facilities & Maintenance Working Group (continued) (*Room 201B*)
Operations & Safety Working Group (*Room 102C*)
Planning & Development Working Group (*Room 102B, first hour jointly with the Land Use WG*)
- 12:00pm– **Lunch on Your Own**
1:15pm *Lunch options are available both within and adjacent to the Convention Center. Suggested restaurants and information about conference discounts are available in the attached flyer.*
- 1:15pm– **Conference Welcome (*Room 103B*)**
1:30pm *Operations & Technical Affairs Committee Chair Emily Underhill will welcome attendees to Long Beach and get the conference underway.*
- 1:30pm– **Airport Roundtable (*Room 103B*)**
2:45pm *A perennial committee favorite, the Roundtable provides attendees with an opportunity to discuss what's going on at their airports as well as seek help from colleagues on issues of concern. Come prepared to discuss the top operational, planning, or development issues/projects at facing your airport as well as set the stage for working group discussions in the afternoon.*
- 2:45pm – **Afternoon Break**
3:00pm
- 3:00pm – **Airport Facility Maintenance: Improving Technical Performance at Your Airport (*Room 103B*)**
4:15pm *Airport facility maintenance professionals have a growing and dizzying array of tools and data at their disposal to manage work flow, prioritize maintenance activity, and track building and infrastructure system performance. In this session, we'll discuss how airports are using data and data analysis tools to improve their technical performance.*
Moderator: Joe Mahaz, President & CEO, EDI
Speakers: Pete Higgins, Director of Airport Maintenance, Salt Lake City Department of Airports
Jon Hypnar, Chief Operating Officer, Wayne County Airport Authority
Pat Neville, Vice President, Airport Planning & Technical Services, Greater Toronto Airports Authority
- 4:15pm – **ACRP Update (*Room 103B*)**
4:45pm *ACRP staff will discuss the slate of projects selected for inclusion in ACRPs 2015 program, recently and soon to be completed projects from prior years' programs, and the desire for increased participation of ACI-NA committees in future problem statement development. The session will also feature a presentation from the research team that recently completed ACRP Report 139, Optimizing Airport Building Operations and Maintenance Through Retrocommissioning.*
Moderator: Chris Oswald, Vice President, Safety & Regulatory Affairs, ACI-NA
Speakers: Mike Salamone, Manger, Airport Cooperative Research Program
Abbe Bjorklund, Vice President and Service Line Leader, Sebesta, Inc.
- 5:00pm – **Ops/Tech Steering Group Meeting (*Room 102A*)**
6:00pm *Members of the Ops/Tech Committee interested in attending the Steering Group meeting as observers should contact Chris Oswald at coswald@aci-na.org.*

Sunday, October 4, 2015

7:30am – **Registration (Exhibit Lobby)**
 7:00pm

8:00am – **Continental Breakfast (Promenade Ballroom)**
 9:00am

9:00am – **Concurrent Session 1A**
 10:15am **(Room 101A)**

Advanced Airside Communications and Surveillance Technologies
