# IDEA 1

Understand the  
necessity of a  
thorough buy-in

# IDEA 2

A large commercial airplane is parked on a snowy tarmac. A yellow ground support vehicle is positioned near the front of the plane. The scene is overcast and snowy, with a few people visible in the distance. The text "IDEA 2" is overlaid in the top right corner, and a paragraph of text is overlaid in the bottom center.

Make sure your plan reflects your current level of enthusiasm and abilities. Then build upon small successes to grow your Plan over time.

# IDEA 3

practices into projects.**

How do you know when you have made it?
